2019 SUMMARY REPORT
Commercial Seed Inspections

PLANT INDUSTRIES DIVISION

BUREAU OF FEED AND SEED

Missouri Department of Agriculture
Mission Statement

To serve, promote, and protect the agricultural producers, processors, and consumers of Missouri's food, fuel, and fiber products.

FOREWORD

The 2019 Seed Summary Report is intended to show the reliability of labelers in meeting their claims for seed quality. Inspections were random, with no intentional bias, for the purpose of providing a means of comparing each labeler's reliability in meeting claims. The greater the number of samples taken per labeler, the greater the probability that the consistency in meeting claims shown will represent the labeler's actual performance.

Stop sales are debited to the labeler if a discrepancy from the labeler's claim is found.

All inspections were performed to fulfill the regulatory responsibilities given by the Missouri Department of Agriculture by the Missouri Seed Law, Statute Sections 226.011 through 266.111 (RSMo 2000).

INTRODUCTION

The Missouri Department of Agriculture, Plant Industries Division, Bureau of Feed and Seed, is pleased to publish the 2019 Seed Summary Report and Inspection Results.

In 2019, the bureau officially sampled and tested 2,820 lots of seed. As a result of seed failing to meet its labeled guarantees, 177 stop-sale orders were issued. This resulted in a compliance rate of 93.72 percent compared to 93.69 percent in 2018.

The Missouri Seed Control Laboratory tested 257 service samples in 2019. A total of 3,077 official and service samples were tested in 2019 resulting in a total of 4,812 individual tests performed.

All seed retailers are required to have their seed retested for germination every 10 months (counting the month the seed was retested.) Seed lots found to be out of test date will be placed on stop sale order until the seed has been retested and a new test date and germination rate is placed on the label or the seed is disposed of in an acceptable manner.

The Bureau of Feed and Seed offers many seed sampling and seed testing services. The charges for analysis and analytical reports on seed samples are listed in the Missouri Seed Law Rules 2CSR 70-35.050.

For more information concerning the services offered by the Bureau of Feed and Seed, contact the feed and seed inspector in your area or contact:
