**WEEKLY HAY SUMMARY**

The week started off with heavy rain and storms to the north, followed by heat indices over 100 statewide, and winding up with partly cloudy average temperature days. Areas to the south did miss the rain this time, and during July it only takes about a week to change from green to golden brown in a hurry. One thing that is for sure, each day of sun adds more hay to the pile. The unexpected rain and pop up summer showers are continuing to result in a lot of hay getting baled after being wet. Hay prices were steady on beef quality, steady to firm on horse and dairy quality, demand light, and hay supply as a whole is heavy. The Missouri Department of Agriculture has a hay hotline available for both buyers and sellers. To be listed, or for a directory, call 1-800-877-4HAY(4429)(All prices per ton unless specified and most reflect delivered prices) Supreme quality Alfalfa(RFV>185) 100.00-140.00 Premium quality Alfalfa(RFV170-180) 80.00-110.00 Fair to Good quality Alfalfa(RFV130-170) Round bales 35.00-80.00 Small, Big squares and baleage (dry weight) 70.00-100.00 Good quality mixed Alfalfa and grass small square bales 2.50-3.00 per bale 30.00-45.00 per large round bale Fair to good quality Prairie hay 55.00-75.00 Good quality Bromes 50.00-85.00 Good quality Timothy Hay 3.00-3.50 per small square bale Good quality Red Clover hay 30.00-60.00 Good quality Mixed Grass 20.00-35.00 per round bale 1.25 to 2.50 per small square Fair quality large round bales Fescue 10.00-30.00 per bale Wheat hay 50.00-60.00 Wheat straw 1.50-3.00 per small square bale

\*This is a delivered log report. It does not represent or imply prices paid for standing timber on your land. Values of standing timber can vary significantly from delivered due to the following: proximity to solid roads and saw mills, size of offering and proximity to other offerings, land terrain, prevailing conditions, quality, size, density, and species of timber.

**Definitions:**

\*\* DIB = diameter inside bark at small end

\*\*\* MBF = 1,000 board feet

\*\*\*\* **Weighted Average** = value of logs at the weighted average board foot price figured at Doyle Scale

\*\*\*\*\* **Logs** = The prices in this report are for logs that are classified as U.S. Forestry grade one logs and more specifically described by the DIB and length in the report, as well as by:

- three sides clear
- both ends solid
- determined to be sound and of good quality by buyer

Buyers use many criteria to determine the soundness and quality of a log, including, but not limited to: ring size, frost cracks, sweep, stain, back thickness, scars, crook, and color.

To realize the most from the sale of timber, it is recommended to seek the advice of a professional forester. For more information call 1-800-328-1165.
