110.00, woolled 106.00-108.00. 100 lbs 110.00-125.00.

Missouri Weekly Hay Summary

The weather this week made you think that spring is just around the corner, as we had our first spring showers. These were accompanied by some snow flakes in the northern parts of the state. Most of the fertilizer is spread and all we are waiting for is some 40-50 degree nights and 60-70 degree days, and we will have more forage than we know what to do with. Not much activity this week as most of the current supply of hay that is for sale, is already delivered or not going to be sold. Hay prices are reported as mostly steady to weak, Demand is light. Supply is moderate. (All prices per ton unless specified) Supreme quality Alfalfa (RFV>185) 115.00-140.00 Premium quality Alfalfa (RFV170-180) 90.00-125.00 Fair to Good quality Alfalfa (RFV130-170) Round bales 30.00-80.00 Small, Big squares and baleage (dry weight) 70.00-100.00 Good quality mixed Alfalfa and grass small square bales 2.50-3.00 per bale 20.00-40.00 per large round bale Fair to good quality Prairie hay 50.00-75.00 Good quality Brome 50.00-85.00 Fair quality Brome some mixed with grass round bales 10.00-25.00 per bale Good quality Timothy Hay 2.50-3.50 per small square bale Good quality Red Clover hay 25.00-50.00 Good quality Mixed Grass hay 10.00-25.00 per round bale 1.25 to 2.50 per small square Fair quality large round bales Fescue 7.00-12.00 per bale Wheat hay 40.00-60.00 Wheat straw 1.50-3.00 per small bale.

*This is a **delivered** log report. It **does not** represent or imply prices paid for standing timber on your land. Values of standing timber can vary significantly from delivered due to the following: proximity to solid roads and saw mills, size of offering and proximity to other offerings, land terrain, prevailing conditions, quality, size, density, and species of timber.

Definitions:

- *** **DIB** = diameter inside bark at small end
 - *** **MBF** = 1,000 board feet
 - **** **Weighted Average** = value of logs at the weighted average board foot price figured at Doyle Scale
 - ***** **Logs** = The prices in this report are for logs that are classified as U.S. Forestry grade one logs and more specifically described by the DIB and length in the report, as well as by:
 - three sides clear
 - both ends solid
 - determined to be sound and of good quality by buyer
- Buyers use many criteria to determine the soundness and quality of a log, including, but not limited to: ring size, frost cracks, sweep, stain, back thickness, scars, crook, and color.

To realize the most from the sale of timber, it is recommended to seek the advice of a professional forester. For more information call 1-800-328-1165.
