Missouri Weekly Hay Summary

Ice storms wrecked havoc in much of the state this week causing many problems for farmers. Loss of power to many, down fences, cattle and trucks that were unable to deliver hay were just the tip of the popsicle. Due to the storms the hay market pretty much came to a stand still except a few farmers helping out other neighbors in this time of near disaster. The supply of hay is light, demand is good, and prices firm. The Missouri Department of Agriculture has a hay hotline available for buyers and sellers.
