Missouri Weekly Hay Summary

With some snow falling in areas of the state and cold weather setting in, chopping ice and putting out hay is once again becoming normal daily activities. Despite all the negatives in the economy and nearly every sector of every market the hay market might be the most stable market around. Much to the dismay of buyers and sellers hay prices have some how managed to hold together quite well so far. Hay movement is moderate, supply moderate to heavy and prices steady. The Missouri Department of Agriculture has a hay hotline available for both buyers and sellers. To be listed, or for a directory, call 1-800-877-4HAY (4429) or visit <http://www.mda.mo.gov/pdf/MOHayDirectory.pdf>.
