Missouri Weekly Hay Summary- Week ending 11/19/10

As the holidays draw near it seems the shopping season has began as several farmers are making inquires and pricing hay. A volatile grain market has feed cost soaring for many smaller farmers who aren't able to lock in a contract price and buy a pick-up bed full of bagged feed once or twice a month. Corn prices above 5.00 in many areas and lack of high quality hay has many hoping for a very mild feeding season. State wide hay supply is moderate, currently demand is light, and hay prices are steady. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200 -1500 lbs) The supply of hay is moderate to heavy, demand light, and prices steady. Premium to Supreme quality Alfalfa 140.00-175.00 Fair to Good quality Alfalfa large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale.
