**Missouri Weekly Hay Summary Week ending 2/07/11**

Many words have been used to describe the past week of weather, few of them however would be considered positive. Much of the state received the first blizzard warning in history, with only the southeast being spared from the winter weather. Many major roads around the state were closed and travel was near impossible and all this was followed with near if not record low temperatures. Hay movement has basically at a standstill for two weeks now as many country roads have been covered for a while now and farmers have literally risked their lives in order to take care of livestock. Hay prices this week are steady. Supply and demand is moderate. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices fob. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs) Supreme quality Alfalfa (RFV>185) 150.00-170.00 Premium quality Alfalfa (RFV170-180) 140.00-160.00 Fair to Good quality Alfalfa (RFV130-170) large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale.
