#### Missouri Weekly Hay Summary Week ending 2/11/11

What a turnaround this week has been compared to several of the most recent weeks. Above average temperatures have managed to bring mud and melt much of the near record snow several areas of the state had. The glimpse of a new growing season has put a smile on faces of man and beast that have endured a long hard winter and although not likely over yet the light can be seen. Several sellers and truckers got back on the roads trying to get hay delivered to those customers most in need. With the warmer weather many farmers will if they haven't already start counting bales and checking the days on the calendar trying to balance supply with feeding demand for the rest of this season. Hay prices this week are mostly steady. Supply and demand of hay is moderate. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices fob. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs) Supreme quality Alfalfa (RFV>185) 150.00-170.00 Premium quality Alfalfa (RFV170-180) 140.00-160.00 Fair to Good quality Alfalfa (RFV130-170) large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale.
