**Missouri Weekly Hay Summary Week ending 2/25/11**

It finally seems as if the long cold days of winter are past for this season. Spring thaw has arrived with ample amounts of mud being all that remains from winter snow, ice, and sleet. Farmers are counting down the feeding days and looking towards green grass. Producers are also thinking about the growing season ahead acres to be used, spring planting, and fertilizer application. USDA will soon begin contacting many farmers gathering data for the 2011 Planting Intentions Report to be released late March, which will likely yield the same results as the past few years with slight acres lost to grain crops. Hay movement has been good with large amounts of hay having been fed this winter and most delayed orders now getting caught up. Hay prices this week are mostly steady. Supply and demand of hay is moderate. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices fob. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs) Supreme quality Alfalfa (RFV>185) 150.00-170.00 Premium quality Alfalfa (RFV170-180) 140.00-160.00 Fair to Good quality Alfalfa (RFV130-170) large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale.
