**Missouri Weekly Hay Summary Week ending 3/04/11**

With only a month or so left of feeding cattle farmers are keeping close count on how many bales of hay they still own. There have been scattered peaks of high interest as some are finding they are going to need a few more tons before grass arrives. High fuel and fertilizer cost will have farmers returning to the situation of a couple years ago deciding how much or how little fertilizer they can get by with on pastures and hay fields this year. Hay prices this week are mostly steady. Supply and demand of hay is moderate. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices fob. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs) Supreme quality Alfalfa (RFV>185) 150.00-170.00 Premium quality Alfalfa (RFV170-180) 140.00-160.00 Fair to Good quality Alfalfa (RFV130-170) large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale.
