Missouri Weekly Hay Summary Week ending 3/11/11

Winter weather still has a stronghold on most of the state as temperatures are averaging below normal and rainfall this past week above normal. Delivery of hay a major problem as getting trucks to the hay pile or barn nearly impossible. Rising fuel prices a big concern as truckers are asking higher prices for delivery, and back-haul trucks are becoming increasingly hard to find. Beef cattle producers counting and recounting current supplies of hay to see if they have enough to get to grass. Even though we have to "spring" our clocks forward this weekend and the calendar says that spring is only a week away, one would be hard pressed to convince most in this state that grass is just around the corner. Hay prices this week are mostly steady. Supply and demand of hay is moderate. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices fob. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs) Supreme quality Alfalfa (RFV>185) 150.00-170.00 Premium quality Alfalfa (RFV170-180) 140.00-160.00 Fair to Good quality Alfalfa (RFV130-170) large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale.
