**Missouri Weekly Hay Summary Week ending 12/09/11**

Compared to last week, the price of higher quality forages continues to rise on limited supply and high demand. Grass hay is available and the supplies appear to be adequate with moderate pricing. With winter weather well-settled into the state hay buyers still seeking hay are surely feeling the pressure of the season. Those who were hoping for excess supplies to be released by producers may be left wanting or met with higher prices. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs)
