**Missouri Weekly Hay Summary Week ending 12/23/11**

While neighboring states battled a winter storm this week, Missourians remained relatively unscathed. That's good news for those producers needing to extend hay supplies after feeding earlier than usual as the drought diminished their pastures. Confirmed hay sales were limited this week and look to remain soft through the holiday week, barring a significant change in weather. Price and demand are steady. On behalf of the Missouri Department of Agriculture, Happy Holidays! Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs)
