Missouri Weekly Hay Summary Week ending 02/10/12

With spring on the horizon many hay producers are putting pencil to paper and calculating input costs. Many will see higher bills on the fertilizer and seed, and diesel is predicted to uptick also. That may tighten the margin for both buyer and seller. Little premium hay is left on the market and prices are firm on the fair to good quality hay. Supplies are light, demand is moderate. Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs)

Fair to Good quality Alfalfa (RFV130-170) 150.00-250.00
Good quality mixed Alfalfa and grass 100.00-185.00
