**Missouri Weekly Hay Summary—Week ending 03/08/2013**

Although roads are rough and muddy following the late, but intense, burst of winter, few producers are complaining as moisture was well worth the inconvenience. A few scattered sales of hay and bedding occurred this week. Hay users though seem mostly content that a few warm spring days will bring green back to their pastures. Hay supply is light, demand is light and prices are steady. The Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs).

 Good quality Alfalfa (RFV 150-170) 195.00-255.00
