Missouri Weekly Hay Summary Week ending 11/01/2013

In all regions of the state hay remains available. Few sellers are changing their asking price, because few people are calling to shop for hay at all. A long, harsh winter is likely the only way large amounts of hay sales would be made across all areas of the state. Some regional trade is likely to happen here and there with each burst of winter weather, but that is expected regardless of supply. Supply is heavy, demand is light and prices are steady. The Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs).

Supreme quality Alfalfa (RFV >185) 225.00-300.00
 Premium quality Alfalfa (RFV 170-180) 200.00-275.00
