Missouri Weekly Hay Summary (1/28/16)

Most of the snow has now melted and seems another above average warm up is on the way for the weekend. As the case has been, hay movement is pretty lack luster, just not much taking place even with some snow fall. The supply of hay is heavy, demand is light and prices are steady. The Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory visit <http://mda.mo.gov/abd/haydirectory/> for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales price listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs).
