

**Title 2—DEPARTMENT OF AGRICULTURE
Division 90—Weights and Measures
Chapter 65—Cadastral Mapping Survey Standards**

PROPOSED RULE

2 CSR 90-65.020 Organization and Description

(1) Scope: This standard describes digital cadastral mapping system components, content, design, and creation.

(2) Mission: To provide a standard for the definition and structure of digital cadastral data in order to facilitate data compatibility, and to protect and enhance the investments in digital cadastral data at all levels of government and the private sector.

(3) Goals:

(A) To provide common definitions for cadastral information found in public records, used to create the digital cadastre.

(B) To resolve discrepancies related to the use of homonyms and synonyms in land record systems, to minimize duplication within and among those systems.

(C) To provide guidance and direction for land records, mapping and land surveying professionals on standardized attribute values and definitions, to improve land records creation, management.

(D) To use participatory involvement in the Standard development to reach out to organizations to encourage broadly based application of the Standard.

AUTHORITY: Section 60.670 RSMo (2010).

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate
