Missouri Weekly Hay Summary

Warm weather came back to the state this last official week of summer. Despite rains in many areas over the last month most moisture has been sucked up and most areas once again in need of rains, Stock water levels are a concern for some as well. Although pasture condition improved some with recent rains the majority of pasture still falls in poor to very poor condition. Corn harvest is in full swing and putting a hold on hay making in many areas as farmers fill grain bins. The hay supply is moderate to light, demand is moderate and prices are mostly steady. The Missouri Department of Agriculture has a hotline available for both buyers and sellers. Beef Quality Summit Announcement

The University of Missouri Extension in cooperation with the Missouri Department of Agriculture is offering Missouri's progressive and forward-thinking cattlemen the opportunity to attend the 2007 **Beef Quality Summit** in Omaha, NE. The theme is "Producing Quality Beef in the Ethanol Era". Beyond ethanol, Missouri's cattlemen will learn about filling the demand for quality beef from representatives of Ruth Chris Steakhouse, Certified Angus Beef and Greater Omaha Packing Co.

Transportation and meals will be provided. The participation fee is \$250.00 to cover hotel rooms and Summit registration. A charter bus will pick up the first group of participants in St. Louis with additional stops in Columbia and the Kansas City area.

Those interested in traveling to the Summit on the chartered bus must reserve their seat by Friday, October 5, 2007. A maximum of 36 participants will be accepted on a first come, first serve basis. Payment must be received in the Howard County Extension office by October 5th. Make checks payable to "Howard County Extension" and mail to:
