Missouri Weekly Hay Summary

Snow and ice over much of the Midwest brought hay movement to a standstill, as conditions were very poor for transportation. Much to both buyers and sellers disbelief high quality hay is still fetching prices equal to or exceeding last years' prices, due in large part to an even more limited supply than last feeding season. The supply of fair to good quality round bales of mixed grass is very heavy an seems every driveway has a bale with a for sale sign, and the local trading papers packed with ads of this type of hay for sale. Winter conditions are resulting in increased feeding nearly all farmers having to feed some hay as grass covered and temperatures are below freezing. Hay supply moderate to heavy and prices steady. The Missouri Department of Agriculture has a hay hotline available for both buyers and sellers. To be listed, or for a directory, call 1-800-877-4HAY (4429) or visit <http://www.mda.mo.gov/pdf/MOHayDirectory.pdf>.
