Missouri Weekly Hay Summary- Week ending 10/29/10

The supply of hay is moderate to heavy, demand light, and prices steady. Premium to Supreme quality Alfalfa 140.00-175.00 Fair to Good quality Alfalfa large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale. Good to Premium quality Brome 90.00-150.00; Good quality Brome 50.00-120.00 Fair quality Brome some mixed with grass 30.00-50.00 per large round bale Good to Premium Mixed Grass hay 60.00-100.00 Good quality Mixed Grass hay 40.00-70.00 Fair to Good quality Mixed Grass hay 20.00-40.00 per large round bale Wheat straw 2.00-5.00 per small square bale. **Crop Progress and Condition 10/24/10** Another week of above-average temperatures and little rain has allowed for a rapid harvest and winter wheat seeding. Fall pasture and wheat emergence are suffering due to the lack of moisture. There were 6.3 days suitable for fieldwork statewide. Topsoil moisture supplies were rated 14 percent very short, 29 percent short, 55 percent adequate, and 2 percent surplus. This is slightly drier than a week earlier as supplies were rated 43 percent short to very short compared with 40 percent a week earlier. The south-central district and Bootheel reported 91 and 92 percent short to very short, respectively. Fall tillage was 53 percent complete, well ahead of last year and 20 days ahead of the 5-year average (normal). **On-farm storage availability** for this year's harvest was rated 25 percent short, 72 percent adequate, and 3 percent surplus, less adequate than a week earlier. Storage capacity in the central district was reported as 30 percent short compared with 6 percent reported last week. **Field Crops Report** Corn harvest continued to advance more rapidly than normal to reach 90 percent Statewide, 40 days ahead of last year and 25 days ahead of normal. Respondents are reporting corn moisture at harvest between 13.6 percent and 14.9 percent for a State average of 14.6 percent. Soybeans mature reached 95 percent, 14 days ahead of last year and 9 days ahead of the normal pace. Soybean harvest, up 21 points from a week earlier, was 79 percent complete, nearly 21 days ahead of last year and 14 days ahead of normal. Planting of winter wheat was 74 percent complete, up 20 points from last week. This is 40 days ahead of last year and over 13 days ahead of normal. **Pasture & Livestock Pasture** condition was rated 4 percent very poor, 15 percent poor, 38 percent fair, 38 percent good, and 5 percent excellent, similar to a week earlier. Conditions this year are rated 43 percent good to excellent, compared with 76 percent last year and 40 percent normal. Due to the lack of precipitation, pasture conditions in the south-central district and Bootheel continue to be the poorest in the State and were rated 53 and 85 percent poor to very poor, respectively.
