**Missouri Weekly Hay Summary- Week ending 11/26/10**

Arctic like temperatures made turkey thawing quite difficult this past holiday week. Some areas in the southern part of the state saw light snow as did many neighboring states. Heavy rains also fell prior to the snow which put some much needed water in ponds in the driest areas of the state. Hay interest has picked up some with the colder weather and as more producers start to feed. State wide, hay supply is moderate, currently demand is light, and hay prices are steady. The Missouri Department of Agriculture has a hay directory available for both buyers and sellers. To be listed, or for a directory, visit <http://mda.mo.gov/abd/haydirectory/> or for current listings of hay <http://agebb.missouri.edu/haylst/> (All prices f.o.b. and per ton unless specified and on most recent reported sales prices listed as round bales based generally on 5x6 bales with weights of approximately 1200-1500 lbs) The supply of hay is moderate to heavy, demand light, and prices steady. Premium to Supreme quality Alfalfa 140.00-175.00 Fair to Good quality Alfalfa large round bales 75.00-120.00 Small, Large squares 90.00-140.00 Good quality mixed Alfalfa and grass small square bales 3.50-5.00 per bale; 30.00-60.00 per large round bale.
