Missouri Steer (Heifer) Stocker Formula for 6/27/2022

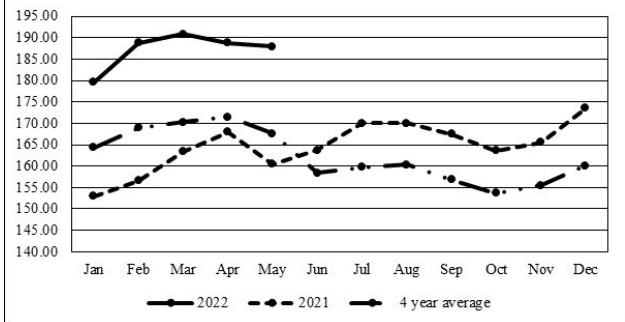

Monday's Missouri Stocker Formula consists of **5961 (5420)** head with a weighted average weight of **548.82 (536.56)** lbs. and a price value of **189.80 (163.81)**, 6.50 higher (4.49 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

Missouri Weekly Cattle Auction Summary 06/27/22

Compared to last week, feeder steers and heifers sold steady to 5.00 higher with several instances of 10.00 higher, as markets basically gained back all of last week's losses and are even with two weeks ago. The supply of feeders was light to moderate. Heat continued to impact market receipts, although this is typical as this is generally the slower time of the year for marketing. There will be a few special sales over the next few weeks, as barns hold special yearling sales for several farmers that hold or put together loads of cattle to make some heavy weight yearlings in order to hit the market specifically at this time knowing supplies are light. Demand for yearlings is good, calf demand depends hugely on condition and health risk. Perhaps not as extreme as it is when the fall temperature swings occur, but extreme heat is also a huge risk to cattle and not conducive to easy weight gain. This results in unweaned or calves with long hair or extra flesh seeing fairly significant discounts. Boxed beef cutouts were slightly lower, choice closed at 264.98, down 1.28 and select at 245.02, down 1.51 compared to last Friday. Negotiated feedlot sales totaled just under 91K head as of the Friday afternoon report. The unusually wide spread between live sales in the north and south continued with sales ranging from 137.00 to 150.00, dressed sales were reported from 234.00 to 240.00. The Missouri Stocker Formula consists of 5961 head with a weighted average weight of 548.82 and a price value of 189.80, 6.50 higher than last week.

AFTERNOON NATIONAL SLAUGHTER

CATTLE REVIEW 06/24/22

Thus far for Friday negotiated cash trading in Nebraska and Western Cornbelt has been mostly inactive on light demand. In the Southern Plains and Colorado negotiated cash trading has been at a standstill. Not enough purchases in any region for a market trend. In the Texas Panhandle Wednesday was the last reported market with live purchases at 137.00. Thursday was the last reported market in the following regions. In Kansas live purchases traded at 137.00. In Nebraska live and dressed purchases traded from 145.00-150.00 and at 234.00, respectively. In Colorado live purchases traded at 145.00. In the Western Cornbelt live and dressed purchases traded at 150.00 and from 234.00-238.00, respectively.

CATTLE ON FEED

United States Cattle on Feed Up 1 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.8 million head on June 1, 2022. The inventory was 1 percent above June 1, 2021. This is the highest June 1 inventory since the series began in 1996.

Placements in feedlots during May totaled 1.87 million head, 2 percent below 2021. Net placements were 1.79 million head. During May, placements of cattle and calves weighing less than 600 pounds were 370,000 head, 600-699 pounds were 270,000 head, 700-799 pounds were 465,000 head, 800-899 pounds were 469,000 head, 900-999 pounds were 220,000 head, and 1,000 pounds and greater were 75,000 head.

Marketings of fed cattle during May totaled 1.91 million head, 2 percent above 2021.

Other disappearance totaled 76,000 head during May, 13 percent above 2021.

MISSOURI WEEKLY HAY SUMMARY 06/23/22

Haying is still in full swing around the state. Although some are finishing up, overall statewide harvest is just a bit over half done which is pretty much right in line with the five year average. Wheat harvest is also underway, providing some new crop straw to the market. As expected a lot more of the southern half of the state showed up on the drought monitor this week. Right at thirty percent of the state is now listed as abnormally dry. As summer officially arrived this year the long spell with no real moisture and record setting heat this early in the year has many very concerned about what the rest of summer is going to be like. Hay prices are steady to firm, supply and demand are moderate. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

- Alfalfa - Premium 175.00-225.00
- Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale
- Alfalfa - Fair 100.00-125.00
- Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale
- Mixed grass - Good/Premium 80.00-140.00
- Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale
- Mixed grass - Fair 25.00-55.00 per large round bale
- Wheat straw - 4.00-6.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Fescue seed harvest is now underway. Although much of the southern half of the state, where most of the state's seed comes from, could really use some rain those in the harvesting seed are really hopeful winds and storms hold off a bit. Most of the seed in the state is cut standing and not swathed and a strong storm could be divesting for what seems to be a promising fescue season. Prices at all reporting stations is at 1.08-1.10 per lb.

The current hay directory can be found at: <https://apps.mda.mo.gov/HayDirectory>.
