MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 19,311 Week Ago: 24,358 Year Ago: 24,166

Compared to last week, feeders sold unevenly steady from 10.00 lower to 10.00 higher. Strength on steer and heifer calves from 500-600 lbs. was noted by several reporters. Still not on a full sale schedule as some barns took off early week following the holiday rather than prior too. Following several special sales the week prior to the Forth of July the only special this week was at Callaway Livestock Center, where many big drafts of reputation consignments sold at very impressive price levels. Overall, the supply of feeders was light to moderate with good demand. As the summer menu changes focus from steaks to burgers the cattle industry has found a fair bit of pressure. Cattle futures have had ten consecutive days of lower trading and boxed beef values have struggled after the choice touched the 400.00 mark for one day. Fed cattle prices have also declined. Much of this is, however, seasonal and prices remain historically high despite the recent losses. Seventy-Seven percent of the states pastures are rated good to excellent which is incredible for mid-July. Hay piles have filled back up as producers got the weather break needed to finally get hay baled. A few stick-out sales this week included several strings from the special sale at Callaway Livestock Center where 69 head of 472 lb. steers sold for 584.00, 45 head of 516 lb. steers brought 543.00, 88 head of 617 lb. steers for 501.00, 82 head of 650 lb. steers for 462.50 and 42 head of 716 lb. steers sold for 436.25. Joplin Regional Stockyards sold 45 head of 556 lb. steers for 520.00, 31 head of 838 lb. steers for 377.00, 32 head of 902 lb. steers for 362.00, and 61 head of 966 lb. steers for 348.00. Ozarks Regional Stockyards sold 76 head of 754 lb. steers for 390.50. Kingsville Livestock Auction sold 57 head of 870 lb. steers for 364.00. Callaway Livestock Center sold 24 head of 524 lb. heifers for 542.00. Kingsville Livestock Auction sold 149 head of 702 lb. heifers for 379.25. Boxed beef cut-out values were mixed for the week as of Friday's close. Choice closed at 382.68, down 4.39 and Select closed at 368.33, up 0.90 compared to last week. The choice/select spread is at 14.35 per cwt. Negotiated feedlot sales as of the 2:00 cutoff time on Friday was reported just under 67K head. Live sales reported mostly at 248.00, 7.00 lower and dressed sales 393.00, 10.00 lower than last week. The Missouri Stocker formula consists of 3898 head with a weighted average weight of 549.19 lbs. and a price value of 487.23, 10.04 higher than last week. The steer/heifer is 43.20 per cwt.

MISSOURI WEEKLY HAY SUMMARY 7/09/2026

The weather finally broke, and many gallons of diesel were burnt last week. One would have been hard pressed to find any hay equipment in the state that wasn't being used. Although quality is questionable, moisture had kept undergrowth lush, and yields seem to be much more satisfying compared to what was being talked about by those few that managed to get any hay put up a month ago. Near 85 percent of the state is drought free, the SE remains in drought, but conditions have improved. Pasture conditions are rated 77 percent good to excellent and 20 percent fair which is quite impressive for mid-July. Hay demand is light, and supplies are moderate. Hay prices are generally steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
