Permits that are granted will remain in force subject to the following:

- The following regulations shall apply to Section 196.949 RSMo. and all Section 8 and 11 requirements of the Grade A Pasteurized Milk Ordinance, Current Recommendations of the U.S. Public Health Service/Food and Drug Administration shall apply; except that in addition to these requirements, the following shall also apply:
 - Sanitation and enforcement ratings of the milk source must be accomplished at an interval not greater than 24 months;
 - Labeling and advertising of products must be in compliance with Missouri Food and Drug Laws and labeling requirements of the Missouri Grade A Milk Regulations;
 - Fees established annually by the Missouri State Milk Board to cover the cost of sample collection and analysis along with administration of the program shall be paid on a monthly basis to the State Milk Board by the owner or manager of the milk source by the 20th of each month for the preceding calendar month's volume;
 - All imported Grade A milk supplies shall be accepted in Missouri only after the source has been permitted jointly by the Missouri Department of Health, State Department of Agriculture, and the State Milk Board; and
 - All grade A milk sources accepted for import in the State of Missouri shall be from sources listed in the current issue of the Interstate Milk Shippers List.
- All permits issued for imported Grade A milk and milk products shall become null and void and such permit shall be voluntarily surrendered at any time the milk supply fails to comply with these regulations
