DIRECTOR

Schedule of Fees
Grain Inspection and Weighing Services
United States Grain Standards Act (USGSA)
Page 1

Effective Date: January 1, 2021. This revised fee schedule supersedes all prior fee schedules issued by this agency. The Federal Grain Inspection Service (FGIS) must approve all fees for official services and official agencies will assess only those fees appearing on their current approved fee schedule. FGIS user fees are included in this schedule where applicable.

Regular Hourly Rate: \$24.00 per hour. Regular hours are defined as 8:00 a.m. to 5:00 p.m. Monday through Friday, except holidays.

Overtime Hourly Rate: \$36.00 per hour. Applies to any work performed outside normal business hours Monday through Friday; as well as all Saturday work.

Sunday/Holiday Hourly Rate: \$42.00 per hour. Applies to any work performed on Sunday; as well as any day designated as a holiday by the Governor of Missouri.

Additional Hourly Rate Information: All hourly labor charges will be assessed in quarter hour increments, per individual required to perform the services and are charged in addition to fees listed on pages 2 and 3. When no fee for service has been established, the applicable hourly rate will apply. If samples are required to be shipped to a third party laboratory for testing, that provider's fees, along with any applicable labor and shipping costs will be charged back to the applicant requesting service.

Travel Time and Standby Time: Assessed at the applicable hourly rate. Standby time is accrued when agency personnel are at the worksite and available to work but are unable to; due to customer delays. Agency reserves the right to determine the number of employees needed to properly service the customer.

Minimum On-Call Fee: A minimum on-call fee of two (2) hours will be assessed per individual employee per change/cancellation to the original starting time provided by the applicant to perform service outside regular business hours. On-call fees will be charged when an applicant requests inspection personnel to be available and waiting to report for duty and a change/cancellation in the original starting time is made. A weekend starting time must be established no later than 5:00 p.m.

Friday in order to guarantee service. Agency personnel will not be required to be available until the established starting time. Elevator personnel must notify the agency of any changes to the original starting time and two (2) hours of on-call fees will be charged per change/cancellation to the original starting time.

Page 4

Inclement Weather and Adequate Lighting Policy: Sampling and stowage examination requests may be delayed, curtailed or dismissed if agency manager determines weather conditions are creating safety hazards for agency personnel. Adequate lighting must also be provided by the elevator when inspection services are requested after sunset.

Official On-Site Inspection and Grading Service: Official on-site inspection and grading service is available to locations who provide a fully furnished and suitably equipped lab, including an adequate dust ventilation system. However, this service is subject to availability of official personnel and official service requests will be honored as soon as possible on a first call-first service basis. If Inspection staff are not available to grade grain or perform other laboratory testing on-site, as requested, a Sampler will be made available to collect the samples. Samples will then be transferred back to the nearest Field Office for grading and or testing as soon as possible.

Safety Training Required by Applicant: Applicants who require inspection staff to complete proprietary safety training as a prerequisite to working on-site will be billed for all related expenses associated with such training, including travel time, labor and mileage for each employee.

Code of Conduct by Applicants: It is the policy of the Missouri Department of Agriculture to promote a safe and equitable working environment. As a result, Grain Inspection Services reserves the right to refuse on-site inspection service if inspection staff are subjected to behavior by elevator personnel that is deemed violent, threatening, harassing, intimidating, disruptive, unprofessional or discriminatory in nature.

Official Commercial Inspections: Official Commercial Inspection Service (OCIS) is available upon request and requires written agreement between customer and official agency. Fees charged are dependent upon modification to the service provided.
