# 2021 Annual Report

## Producer

**Missouri Department of Agriculture**  
**Plant Industries Division**  
**Industrial Hemp Program**

This report must be submitted to reporting.hemp@mda.mo.gov or postmarked by Friday, November 12, 2020.

### Reporting Period: November 2, 2020 – October 31, 2021

#### Planted

Include all planting of industrial hemp, regardless of lot outcome. See special instructions page for additional guidance on multiple crop cycles, replants, and starting your own propagules.

1. **Amount Planted**  
   - **In This Reporting Period**
   - **DID NOT PLANT**

#### Intended Use of Varieties Planted

Estimated percentage (%) of total amount planted in this reporting period, including unsuccessful crops.

- **Fiber**
- **Floral for CBD**
- **Floral for CBG or Other**
- **Grain**
- **Grown for Seed**
- **Grown for Propagules**

#### Harvested (Tested & Compliant)

If all lots tested compliant and were harvested, the amount harvested should be the same as amount planted in Box 1.

2. **Amount Harvested**  
   - **In This Reporting Period**
   - **No Harvest**

#### Voluntary Disposal

Voluntary disposal includes lots that were unharvestable and terminated prior to compliance sampling, such as due to poor performance, pest damage, significant weather, or other similar factors.

3. **Amount of Voluntary Disposal**  
   - **In This Reporting Period**
   - **No Voluntary Disposal**

#### Ordered for Destruction

This section includes any lots that were ordered for destruction by the Department, such as due to exceeding the THC limit or other compliance issues. This does not include any crops lost due to poor performance or other similar factors.

4. **Amount Ordered for Destruction**  
   - **In This Reporting Period**
   - **No Ordered Destruction**

#### Remediated

This section includes any lots that were compliant after remediation of the material through a method listed in the Department Remediation Protocol.

4. **Amount Remediated**  
   - **In This Reporting Period**
   - **No Remediation**

#### Pending

This section includes any lots that were planted within the reporting period but their final status is unknown, such as due to pending test results or the crop being in active production as of the date of this report.

5. **Amount Pending**  
   - **In This Reporting Period**
   - **No Pending Lots**
